# Expectations

We expect that you try your best and follow all of the school values to make sure you and your friends are safe. There will be challenges but with our support, you will grow to be the best you can be. We expect you to follow the 5R's inside and outside the classroom. # Curriculum

At Hillary Primary School, we are passionate about the curriculum and always plan imaginative and creative lessons, with the children at the centre of every decision we make. We want the best for our children, and ensure all lessons are suitably supportive and challenging for all individuals and their needs.

We like the children to be responsible for their own learning, and support them to choose work that will challenge their understanding and extend their knowledge. Together we will ensure the children reach their full potential. We will aim high together with the children and endeavor to do our very best this year!

**SOMEWHERE INSIDE  
ALL OF US IS  
THE POWER  
TO CHANGE  
THE WORLD.**

**NOTHING IS  
IMPOSSIBLE,  
THE WORD  
ITSELF SAYS  
"I'M POSSIBLE"!**

## 5 R's and how children will Thrive in class

The behavioural policy is underpinned by five school values. These values enable consistency across the school and are based on Building Learning Powers, with the hope that these values are instilled in pupils for life. The values promote:

- Respect**- Children and staff will show courtesy towards all
- Reflection**- Children and staff show consideration in all situations
- Reciprocity**- Children and staff show cooperation
- Resourcefulness**- Children and staff can show self-control
- Resilience**- Children and staff show a commitment to learning

Thrive supports children to express themselves and talk about their worries. It gives children a greater understanding of their feelings and emotions. We build on positive relationships and an increase in self-esteem and confidence is promoted.
