Daily routines

Entrance door

Children will be coming in through the single door that can be reached by going through reception playground.

Exit door

Parents should wait and collect your child at home time outside the same door where you drop your child off in the morning.

Classroom

1SB's classroom will be in the KS1 hall this year and is currently being adapted to be a classroom, like to picture below.

KS1 Playground

Expectations

Teachers will try their best in the class to help make learning fun so you can learn better! Teachers will treat every child fairly and give everyone an opportunity to contribute to the class.

Reciprocity

Children are expected to: Follow instructions by listening carefully to the teacher. Not talk over the teacher as that is not showing respect. Have a positive attitude and know it is okay to make mistakes. Be kind to other children in the class.

Learning for life

The knowledge you learn in school is important so you should take school seriously. Reading fluently will help you read things such as signs and learn new words and reduces stress!

Toilets

Toilets are found next to KS1 hall

Fruit/milk (KS1)

Children can pay a pound on Monday for mil. All children will have a piece of fruit at breaktime.

Class

Pegs/lockers

Coats, PE kits and book bags should be kept in lockers or on pegs in the classroom.

Water bottles

Water bottles should be taken home every day, cleaned, refilled, and stored in school at your desk. They are one pound from the school office if you want to buy one.

Lunches

Dinners and sandwiches will be eaten in classrooms this year. There will be no hot meals and dinners from school will be a packed lunch unless you child brings their own packed lunch from home.

Curriculum

What can they expect to learn about over the year?

In Year 1, children will learn exciting fairytales and stories that they will enjoy and be sure to share them with you at home! We will be creative, as we will be using clay and other materials to create various things from the stories. E.G. building houses and animals. In Maths, we will be learning to count using different songs and fun rhymes! We create an exciting curriculum that will allow your child to catch up on the skills they might have missed during the end of Reception. We will have fun whilst learning!

“Nothing will work unless you do.”
— Maya Angelou

5 R's and how children will Thrive in your class

As a THRIVE school, Year 1 is key in ensuring support has been given for your child to adapt at school. We will also focus on ensuring behaviour is appropriate for school through our amazing emotion techniques shown to us by the Thrive Approach. Every morning, we will find out how your child is feeling by allowing them to put their emotions on a feelings chart. We will then dig deeper and help to solve any issues that have been identified. We believe the ability to have **Respect, Reflection, Reciprocity, Resourcefulness and Resilience** are essential life skills for your child to be successful!

Safety
